Appendix A – Acknowledgments

We would like to acknowledge and thank those who have made the survey possible over the past three years since we have started. It has brought valuable data that has provided positive technical and service change to the LMU community.

First and foremost, we appreciate the participation of the over 3,000 students and almost 500 faculty who have taken the survey over these three years. Without your assistance and feedback in this endeavor, we would not be able to provide the services and support that makes LMU a better place to teach, learn and live.

Second, we would like to thank the University’s Administration, especially Lynne Scarboro, Senior Vice President for Administration, for allowing us to conduct this annual survey. Your dedication to make LMU a better place on a daily basis is greatly appreciated and shows the true character of the University.

Lastly, we would like to thank the Academic Technology Team for putting together, implementing, and analyzing the survey. Your collaboration and hard work are appreciated.
Appendix B – 2010 Faculty Survey

Faculty Academic Technology Survey 2010

TECHNOLOGY STUDY DETAILS The purpose of this study is to identify faculty attitudes towards academic technology and identify how they use technology at Loyola Marymount University. The survey is designed to take no more than 10-15 minutes of your time. The study involves no physical, psychological, social or medical risks, and is simply asking for your honest opinion. The study will benefit you and future faculty by providing insight into the needs of faculty and allowing for appropriate changes to the University infrastructure. At the end of the survey, you have the option of entering your email address for a chance to win one of 2 iPod Touches. Your chance of winning will depend on the number of completed surveys with valid email addresses received. Participation in this survey is voluntary and at any time you are free to withdraw from the survey (simply close your browser). You may skip questions, but please remember that this information is vital to understanding the technology landscape at LMU, and supporting your technology needs. Your privacy is very important to us. The survey is anonymous, and your email address will not be linked with your confidential answers. Your email address in the iPod Touch drawing will not be connected to the survey data. If you have any questions or problems taking this survey, please contact the ITS Help Desk at 310-338-7777 or helpdesk@lmu.edu. Your participation is very important to ensuring that we have accurate information about LMU faculty. Thank you! Please note: The survey period ends on Friday, December 10, 2010.

I have read the above information and consent to participate in this study. I verify that I am a current faculty member at Loyola Marymount University.

Modes of Instruction

Classes can be taught with different modes of instruction. These include:

- **A TRADITIONAL COURSE** is one that is primarily face-to-face, which may have an online component to enhance the course.  
- **A HYBRID COURSE** has one- to two-thirds of the classroom time replaced by online, therefore it is a blend of face-to-face time and online.  
- **A DISTANCE EDUCATION COURSE** never, or rarely, meets face-to-face at LMU and may use online or other technologies. Please refer to these definitions for the questions below.

All things being equal, which of the following mode of instruction would you prefer to teach (using the definitions above)? Check one.

- Traditional Course
- Traditional Course with an Online Component
- Hybrid Course
- Distance Education Course
Would you be willing to experiment with a hybrid or distance education course, if you had the proper support and training?
- Yes, I’d be willing to try
- Definitely Not
- Perhaps, I need more information

Overall Technology Usage

Instead of asking you how frequently you use the following technologies below, we think that it's important to know your real interest and needs in teaching and research. We have also added a check box next to each technology asking if you'd like to know more about it. Since the survey is anonymous, the purpose of these check boxes is to better gauge faculty interest and accordingly plan workshops and training on high interest technologies. How important are the following technologies to your teaching and research? (Examples are in the parentheses)

Do you ever meet with your College’s Instructional Technology Analyst (ITA)?  (These include: Haejung Chung, Elaine Coates, David Greenfield, Joseph Russo, David Scozzaro, Michelle Yeung)
- What or who is an ITA?
- I know who my ITA is but we have never met
- I have met my ITA, but have never consulted with him or her
- I have gone to my ITA for specific help but not on a regular basis
- I consult my ITA regularly

Please provide any additional comments about the current ITA group.

Have you used the services and technologies in the Faculty Innovation Center (FIC) in the William H. Hannon Library?
- Never heard of the Faculty Innovation Center
- Heard of but not used yet
- Used once
- Used a few times
- Use frequently
How do you see yourself using the Faculty Innovation Center in the coming year to advance your teaching and research? (Check all that apply)
- Access to faculty-use only computers
- Learning basic technology
- Learning how to teach with technology
- Assistance with redesigning course with technology
- Multimedia services (including PowerPoint, pictures, video, etc.)
- Assistance with scanning and digitizing materials
- Collaborative projects with other faculty
- Other ____________________

Please add your suggestions for creative use of the Faculty Innovation Center and/or workshops held there.

How often do you use your college-specific lab(s)/e-classroom(s)?
- Never
- 1-2 times per semester
- 3-5 times per semester
- Every week or every other week

Web Services

Do you know your college’s Web Manager? (These include: Ben Sullivan, Marissa Contreras, Amy Meredith, Shira Gotshalk)
- I am not aware of my college’s Web manager and what he/she does.
- I know my college’s Web manager but we have never met.
- I know my college’s Web manager but have never consulted with him/her.
- I work with my college’s Web manager on my departmental and/or college Web issues occasionally.
- I work with my college’s Web manager on my departmental and/or college Web issues regularly.
Do you know your college Web Manager’s role and how they may assist you? (check all that apply)

- I have no idea.
- I have consulted him/her when I need access to something on the Web and/or CMS training issues.
- I have collaborated with him/her on college/departmental Web redesign projects.
- I have collaborated with her/him on developing written content, designs, photography and/or social media aspects of my college/departmental Web pages.

Classroom Management Office

How often do you contact the Classroom Management Office (CMO at x81735 or x87777 option 1) to report problems requiring immediate attention?

- Never
- Very rarely
- Less than half of the sessions
- About half of the sessions
- More than half of the sessions
- Almost every class session

Final Thoughts

If you could choose one priority for LMU, in terms of Academic Technology (technology that supports teaching and learning), what would it be?

If you have any other comments or insights about your needs with regards to teaching with technology, please feel free to share them below.

Thank you for taking your time to take this important survey. By clicking on "Submit" below, you will submit this survey and be taken to a page to enter your name into the drawing for an iPod Touch.
Appendix C – 2010 Student Survey

Student Academic Technology Survey 2010

STUDENT TECHNOLOGY SURVEY DETAILS The purpose of this study is to identify students' attitudes and use of technology at Loyola Marymount University. The survey is designed to take no more than 10 minutes of your time. The study involves no physical, psychological, social or medical risks, and is simply asking for your honest opinion. The study will benefit you and future students by providing insight into the needs of students and allowing for appropriate changes to the University infrastructure. At the end of the survey, you have the option of entering your email address for a chance to win one of 5 iPod Touches. Your chance of winning will depend on the number of completed surveys with valid email addresses received. Participation in this survey is voluntary and at any time you are free to withdraw from the survey (simply close your browser). You may skip questions, but please remember that this information is vital to understanding you and supporting your technology needs. You must be 18 years or older to participate. Your privacy is very important to us. The survey is anonymous, and your email address will not be linked with your confidential answers. Your email address in the iPod Touch drawing will not be connected to the survey data. If you have any questions or problems taking this survey, please contact the ITS Help Desk at 310-338-7777 or helpdesk@lmu.edu. Your participation is very important to ensuring that we have accurate information about LMU students. Thank you! Please note: The survey period ends on Friday, December 10, 2010.

I have read the above information and consent to participate in this study. I verify that I am a current student 18 years or older at Loyola Marymount University.
